Cibola Trail Rangers
Hello Everyone,

Here is the most updated Trail Tree Report for the Sandia Mtns. The Monday Trail Maintenance Crew will not be out this coming Monday, so those who wish can join the group being led by Jen Medina-Grey on Tuesday. Hopefully, someone in the group (?Galbraith) will write a report of what they found and removed. I can then update the tree report again! Hopefully no other trees have fallen since David was last out that way.

Happy Trails!!!

Sally Lowder
