Cibola Trail Rangers
Good Morning Everyone!

Please see attached Trail Trees Removed report for the start of FY 2026. There are a few carry over trees that were reported 2023/2024/2025. The earlier reported trees I have no idea if they are still there or not. There have been no hiking reports on these trail segments in a year. So, if anyone happens to head out that way and wishes to do a report (and work), please let everyone know via CTR.

Thank you to all who have recently reported trees down and to David Galbraith for clearing the trails. The one cleared this rainy, cold, windy morning on Survey was EPIC. Thanks!

Happy Trails and keep those reports coming.
